CHAPTER OF HONDA RIDERS CLUB OF AMERICA, SOUTHERN CALIFORNIA MOTORCYCLING ASSOCIATION & AMA

JUNE, 2000

THE NEWSLETTER OF THE RED HOT RIDERS CLUB

CLUB STUFF

Welcome summer!! It was just a short couple of months ago that it seemed like the rain wouldn't stop; and now we have finally made it to the gorgeous days of summer. You can sure tell that this is the riding season by just traveling any back road in the county. It seems as if no matter where you go, there is at least one motorcycle for every car on the road.

With the summer comes special considerations for all motorcyclists - more traffic and warmer days. Both should be of grave concern to us, but it's the heat that can surprise you. The good news is that there are a number of companies producing products to help minimize the effect heat has on us, such as cool snakes for the neck, cool vests sold by Marsee and Camel Packs. Be very careful when riding in the heat and make sure you hydrate throughout the day. By the time you feel the first signs of heat exhaustion, it's already too late!

Our special featured member for the month of June is Mort Mirmontazeri. Mort spends his time between Ogden, Utah (where he has a couple of Mercedes car dealerships) and San Diego (where he hopes to have one soon.) In the wintertime, he enjoys leaving the cold of Utah behind and joining other Red Hot Riders in our sunny Southern California weather.

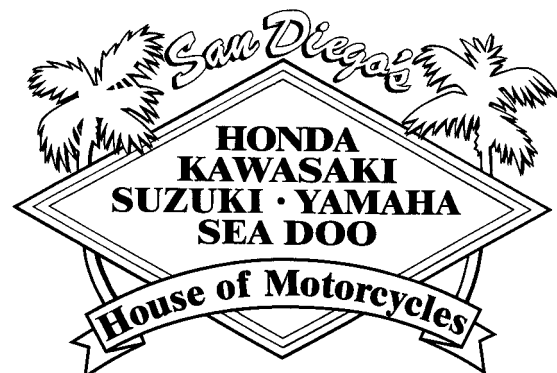

Mort has a long history in motorcycling, starting with a number of Harleys and advancing to several BMWs as well as a number of Italian and Asian bikes. Today Mort will tell you that his number one criteria for a motorcycle is "It's gotta be fast!!!" Catch Mort (if you can) on one of our back roads or at an occasional meeting. He enjoys talking motorcycles at any time anywhere.

The Club officers are once again working to make the Club everything it can be, and your participation will help ensure the success of those plans. Join in on one of the next Club rides and plan on coming to the next meeting. Jim Branch has scheduled some exciting things for the meetings in the upcoming months. In the meantime, all campers should check out the web site at www.redlinegear.com. Enjoy!
